

# INTERNATIONAL LIVER CANCER COURSE 2024

# 3<sup>RD</sup> NATIONAL CONFERENCE OF STII

## Pre-Conference Workshop

📅 27<sup>th</sup> September, 2024 | 📍 ILBS, New Delhi

## Conference

📅 28<sup>th</sup> - 29<sup>th</sup> September, 2024 | 📍 The Grand, New Delhi

CONFERENCE BROCHURE

## WELCOME MESSAGE

Greetings from the Organizing Committee of ILCC 2024!

We are pleased to inform you that the Institute of Liver Biliary Sciences, New Delhi, India, is going to organize one multidisciplinary master class on Liver Cancer i.e. **“International Liver Cancer Course 2024 (ILCC 2.0)” is the second edition after the huge success of last year's program.** The objective of the program is to update clinicians with recent advances in liver cancer, pre & post-transplant imaging and interventions, clinical grand rounds and multi-disciplinary masterclass. The theme for the current year is **“Managing Liver Cancer in Advanced Cirrhosis”**. This is an area with limited expertise, scarce literature, but often a clinical challenge as in Asia we come across advanced liver disease with advanced liver cancer and limited scope for cure.

We are sure ILCC 2.0 will open the door for new collaboration or research avenues, to formulate protocol-based care for liver cancer, case-based learning, and managing decompensated cirrhosis. **This year ILCC 2.0 this time is jointly organized by ILBS and STII (Society of Transplant Imaging and Intervention)**, to further discuss the challenges and updates on transplant imaging and intervention to add more academic flavor.

## WHO CAN ATTEND THE PROGRAM?

With a promising note, we are expecting a gathering of 1000 faculty, researchers, clinicians, students, and young fellows from the field of Hepatology, Gastroenterology, Liver Transplant and HPB surgery, GI surgery, Radiology & Intervention Radiology, Oncosurgery, Oncology, Radiation oncology, Medical oncology, internal medicine, public health experts, policy makers and research development organizations.

## ORGANISING COMMITTEE

**Dr. SK Sarin**  
Patron

**Dr. Anoop Saraya**  
Scientific Advisor

**Dr. Manoj K. Sharma**  
Organising Chairperson

**Dr. Ashok Choudhury**  
Organising Secretary

**Dr. Amar Mukund**  
Co-Organising Secretary

**Dr. Yashwant Patidar**  
Jt. Organising Secretary

**Dr. Satender Pal Singh**  
Jt. Organising Secretary

**Dr. Hanuman Yadav**  
Scientific Advisor

**Dr. Pamecha Viniyendra**  
Scientific Advisor

**Dr. Deepti Sharma**  
Scientific Advisor

**Dr. Vinod Arora**  
Treasurer

Dr. Y. K. Joshi  
Dr. M. K. Daga  
Dr. Vikram Bhatia  
Dr. Rakhi Maiwall  
Dr. Chitranshu Vasistha  
Dr. B. B. Rewari  
Dr. Seema Alam  
Dr. Ankit Bharadwaj  
Dr. Archana Rastogi  
Dr. Arun K. Sood  
Dr. Arvind Tomar  
Dr. Ashish Maheswari  
Dr. Anupam Kumar  
Dr. Ankur Jindal  
Dr. Babulal Meena

Dr. Bikrant Biharilal  
Dr. Chhagan Bihari  
Dr. Debjyoti Bhattacharya  
Dr. Dinesh Mani Tripathi  
Dr. Ekta Gupta  
Dr. Gayatri Ramkrishna  
Dr. Guresh Kumar  
Dr. Harsh Vardhan Tevethia  
Dr. Jaswinder Singh Maras  
Dr. Jasim Jaleel  
Dr. Jaya Benzamin  
Dr. Kanika Koushal  
Dr. Mangu S. Bharadwaj  
Dr. Manya Prasad  
Dr. Meenu Bajpai

Dr. Mohit Kumar Varshney  
Dr. Nirupama Trehanpati  
Dr. Nihar Mohapatra  
Dr. Nikhl Himthani  
Dr. Pramod Gautam  
Dr. Pratibha Kale  
Dr. Puja Sahai  
Dr. Rajeev Khanna  
Dr. Ragini Kilambi  
Dr. Reshu Agarwal  
Dr. Sabeena K. Choudhary  
Dr. Shalini Thapar  
Dr. Sherin Sarah Thomas  
Dr. Savneet Kaur  
Dr. Shasthry SM

Dr. Sridhar Sastuskar  
Dr. Sukriti Baweja  
Dr. V. Rajan  
Dr. Vikrant Sood  
Dr. Viniyendra Pamecha  
Dr. Vijay Kumar  
Dr. Vikas Khilan  
Dr. Nilesh S Patil  
Dr. Neha Agrawal  
Dr. Vijay Kumar

The header features a blue background with white text 'ILCC 2024' and a photograph of a modern building with a red sign in Hindi that reads 'यकृत एवं पित्त विज्ञान संस्थान'.

## PROGRAM HIGHLIGHTS

**Best of the experts, State of Art Lecture, Key note speaker,  
Journal watch, Quizzes**

- Treatment Protocols
- Liver Cancer in Decompensated Cirrhosis- Navigating to unexplored territory
- HCC with decompensated cirrhosis and how to manage ascites, variceal bleed, PVT, Hydrothorax.
- Refractory ascites/hydrothorax, post EVL ulcer bleed with HCC
- Comorbid clinical condition and HCC- TB, HIV, HBV or HCV with high viral load
- Systemic Therapy in HCC in decompensated cirrhosis
- Era of Immune-oncology and liver cancer including HCC and BTC
- Immunotherapy and Tyrosine kinase inhibitors in decompensated cirrhosis
- Biliary tract cancer -the new era and new challenges
- Liver Transplantation and Surgery for HCC
- Post-transplant strategy for HCC -Who is winner (Immunotherapy Vs Immunosuppression)
- Liquid biopsy and precision medicine where we stand
- New drugs, HCC Vaccine, clinical trials in HCC/BTCs
- HCC - disparity and diversity across globe
- Public health efforts and policies for early detection of liver cancer

### **Transplant Imaging and Intervention**

- Clinical Challenges
- Imaging Clues to open the Door
- Tips and Tricks of the Intervention radiology
- Tips on Biobanking
- Fecal microbiota Transplant
- Artificial intelligence

### **Interactive sessions and Innovative learning**

- Bench to bedside and beyond for liver, kidney, lung and heart transplant
- Liver Intervention Radiology Procedure
- Live and Hands on workshop:
  - EUS endo hepatology
  - Intervention Radiology Session
  - Research Technology Platforms
  - Artificial Intelligence

### **Best of the Learning experience**

- Abstract award
- Travel Bursaries
- Young Investigator Award
- Meet the Experts

## INTERNATIONAL FACULTY

**Lai Wei**  
China

**Masao Omata**  
Japan

**George K. Lau**  
Hong Kong

**Takebe Takanori**  
Japan

**Yoon Jun Kim**  
South Korea

**Su Jong Yu**  
South Korea

**Lewis R. Roberts**  
USA

**Riad Salem**  
USA

**Aileen Wee**  
Singapore

**Hasmik L. Ghazinyan**  
Armenia

## REGISTRATION DETAILS

### Pre-Conference Workshop

📅 27<sup>th</sup> September, 2024 | 📍 ILBS, New Delhi | ⌚ 9:00 AM Onwards

| National Delegate | International Delegate | Students/Residents |
|-------------------|------------------------|--------------------|
| INR 2,000         | 50 \$                  | INR 1,000/-        |

### ILCC Conference

📅 28<sup>th</sup> - 29<sup>th</sup> September, 2024 | 📍 The Grand, New Delhi

| Category               | Early Bird Registration<br>Till 10 <sup>th</sup> September | Regular Registration<br>After 10 <sup>th</sup> September |
|------------------------|--|--|
| National Delegate      | INR 3,500  | INR 5,000  |
| International Delegate | 100 \$   | 150 \$   |
| Students/Residents     | INR 2,000  | INR 3,000  |
| Accompanying Person    | INR 3,000  | INR 3,500  |

\*\*\*All of the above charges are inclusive of Tax\*\*\*

#### Registration inclusions:

##### For Delegates

Conference Kit, Inaugural Functions, Conference Sessions, Dinner & Cultural Evening, Conference Meals and Entry for Trade/Exhibition Area.

##### For Accompanying Person

Dinner & Cultural Evening, Lunch on Conference Days and Entry for Trade/Exhibition Area.

For Accommodation, please contact us at:

✉ livercancer.ilbs@gmail.com

## BANK DETAILS

### ACCOUNT DETAILS FOR BANK TRANSFER:

|                |   |
|----------------|---|
| Account Name   | ILBS Conference Committee                                   |
| Account No.    | 510101004337483   |
| IFCS Code      | UBIN0905381   |
| Bank Name      | Union Bank  |
| Branch Address | Vasant Kunj, New Delhi Branch,<br>South West, Delhi- 110070 |

### UPI ID & QR CODE

|   |  |
|---|--|
| <p>Qr919650606353<br/>7483@UNIONBANKOFINDIA</p> |  |
|---|--|

#### How to Register:

- Registration can be done online by clicking the button below or through the website: [www.ilcc-ilbs.in](http://www.ilcc-ilbs.in)
- Make the payment to the given bank details through the bank transfer/QR Code/UPI and send the payment receipt to: [livercancer.ilbs@gmail.com](mailto:livercancer.ilbs@gmail.com)

#### Cancellation & Refund Policy:

- 75% refund, if cancelled before 31st August. No refund, if cancelled after 31st August.
- Payment shall be refunded after 1 month of the conference through Cheque/NEFT/RTGS

**REGISTER NOW**

For any query, assistance, please reach us at:

+91 9873603484

The header features a blue background with white circular patterns on the left and a photograph of a modern building with a red sign in Hindi on the right. The sign reads 'यकृत एवं पित्त विज्ञान संस्थान'.

## ABSTRACTS

The scientific committee is inviting the submission of abstracts  
for the ILCC 2.0 2024

**Deadline: 7<sup>th</sup> September, 2024**

### Abstract Guidelines:

- Complementary Registration For all abstract presenters.
- The abstracts can be submitted through our website: <https://www.ilcc-ilbs.in/>
- Opportunity for Podium Presentation/ Young Investigators Award for 5 best abstracts.
- The work being presented should be original and should not have been presented earlier in any of the meetings in India or Outside India and should not have been published.
- Abstracts will be reviewed by a panel of experts and may be selected for poster presentations/ Young Investigators Award/ Best Abstract Award or may be rejected.
- Notification of acceptance or rejection by the Scientific Program Committee will be e-mailed to the submitting author by 10th September 2024.
- Accepted abstracts will be published in an ILCC official Website.
- Abstracts received after the last date of submission will not be considered.
- Duplicate submissions will not be accepted.
- The abstract should be 300 words and should be structured as follows:
  - **Backgrounds**
  - **Aims**
  - **Methods**
  - **Results**
  - **Conclusions**
- Abstract can be submitted under four sub-categories:
  - **Clinical**
  - **Basic Sciences**
  - **Meta- analysis**
  - **Case Reports**
- Once the final submission is made, no further edits will be entertained.
- In case of the author's unavailability for presentation, one of the co-authors may present the work, provided they register for the conference.

# PRE-CONFERENCE WORKSHOPS

📅 27<sup>th</sup> September, 2024

🕒 9:00 AM Onwards

📍 ILBS, New Delhi

## Hands-on Training Module on:

- Hepatic Hemodynamic lab
- EUS Workshop
- Fecal Microbiota Transplant
- Fibro scan of Spleen & amp: Liver workshop
- Research Technology Platforms
- Biobanking Tips
- Artificial Intelligence in Healthcare workshop

**Limited Seats Available!**

Pre-registration is mandatory

## Conference Day-1

📅 28<sup>th</sup> September, 2024 | 📍 The Grand, New Delhi

9:00 AM - 7:00 PM

### Managing Liver Cancer Beyond Guidelines

| Session-1:<br>WHO-SEARO Session-How to optimise HCC early detection? |   |
|--|---|
| Time:  | Topic:  |
| 9:00-9:15 AM   | Epidemiology perspective of WHO-SEARO for HCC in India & Asia Pacific- increasing access to treatment |
| 9:15-9:30 AM   | Presentations of HCC (Non-Cirrhotic, Cirrhosis with Decompensation)                                   |
| 9:30-9:45 AM   | Screening and Surveillances for HCC -Guidelines and Beyond  |
| 9:45-9:50 AM   | Consensus Management Protocol - For early detection of HCC  |

| State of the Art Lecture-1 |  |
|----------------------------|--|
| Time:                      | Topic:   |
| 9:50-10:10 AM              | Organoids and Bio-engineering in Management of Liver failure |

| Session-2:<br>Radiology, Contrast Agents and PET in Liver Cancer |  |
|--|--|
| Time:  | Topic:   |
| 10:10-10:30 AM   | Imaging Challenges in Liver SOL (CT & MRI)   |
| 10:30-10:45 AM   | Liver Specific Contrast for SOL  |
| 10:45-10:55 AM   | Contrast Enhanced Ultrasound in the focal Liver lesion                               |
| 10:55-11:10 AM   | Dual Tracer, FAPI and PET-CT for Liver Cancer staging, biology, therapy and response |
| 11:10-11:15 AM   | Consensus Management Protocol - Imaging selection for liver cancer by a hepatologist |

| <b>Session-3:<br/>Current Evidences, Unmet Need and Roadmap in HCC Management</b> |  |
|---|--|
| <b>Time:</b>  | <b>Topic:</b>  |
| 11:10-11:25 AM  | BCLC & HKLC Staging and treatment Algorithm for Asia               |
| 11:25-11:40 AM  | APASL Guideline for Immunotherapy in HCC                           |
| 11:40-11:55 AM  | HCC Management beyond Guideline(s)- Challenges and the Way Forward |

| <b>Session-4:<br/>Grand Rounds: Cirrhosis with HCC and Ascites</b> |   |
|--|---|
| <b>Time:</b>   | <b>Topic:</b>   |
| 12:15-12:30 PM   | Cirrhosis with Large HCC. Decompensated with Moderate Ascites   |
| 12:30-12:45 PM   | Cirrhosis with large HCC solitary, no PVTT but with Gross ascites, requiring repeated LVPs, no Transplant options |
| 12:45-12:50 PM   | Consensus management Protocol - Ascites and HCC therapy algorithm   |

| <b>Session-5:<br/>Grand Round: Cirrhosis with HCC and Jaundice</b> |  |
|--|--|
| <b>Time:</b>   | <b>Topic:</b>  |
| 12:50-1:05 PM  | Unconjugated Bilirubin raised with HCC or borderline jaundice (3.5-4mg) with single lesion -RFA then TKI |
| 1:05-1:20 PM   | Case of Obstructive HCC with jaundice- Stenting followed by high dose Vit K, TACE                        |
| 1:20-1:35 PM   | ACLF patients with incidentally detected HCC- liver or tumour!   |
| 1:35-1:40 PM   | Consensus for management Protocol-Juandice and HCC in pateints with HCC therapy algorithm                |

**Lunch Symposia: Transforming HCC Care in 2024**

| <b>Time:</b> | <b>Topic:</b>   |
|--------------|---|
| 1:35-1:45 PM | Immuno-Oncology Perspective of HCC therapy                              |
| 1:45-2:15 PM | Case based Discussion uHCC and Indication of Durvalimumab based Therapy |
| 2:15-2:25 PM | Immunotherapy before and after Liver Transplant- where are we?          |
| 2:25-2:30 PM | Conclusion  |

**Session-6:  
Grand Round- Portal hypertension and Variceal bleed in Cirrhosis with HCC**

| <b>Time:</b> | <b>Topic:</b>  |
|--------------|--|
| 2:30-2:45 PM | Compensated Alcohol Cirrhosis with large HCC, no PVTT and on screening endoscopy Large Oesophageal Varices                     |
| 2:45-3:00 PM | Compensated HBV Cirrhosis with large HCC and PVTT and had recurrent AVB while on A+B immunotherapy despite EVL and Betablocker |
| 3:00-3:15 PM | Cirrhosis due to Budd Chiari Syndrome with HCC-How to manage?  |
| 3:15-3:20 PM | Consensus management Protocol - Varices, HCC and Immunotherapy algorithm   |

**Session-7:  
Grand Round-Systemic therapy for HCC and Concomitant disease**

| <b>Time:</b> | <b>Topic:</b>   |
|--------------|---|
| 3:20-3:35 PM | Compensated HBV Cirrhosis with Large HCC, High Viral load   |
| 3:35-3:50 PM | Compensated HCV Cirrhosis with Large HCC, PVTT High Viral load  |
| 3:50-4:05 PM | Compensated HCV Cirrhosis, HCV-RNA negative and now with advanced HCC. Flare of Rheumatoid arthritis while on A+B immunotherapy. Managing disease, RA and HCC |
| 4:05-4:10 PM | Consensus for Management Protocol   |

| Session-8:<br>Grand Rounds: Managing Advanced HCC with Multi-modal therapy |   |
|--|---|
| Time:  | Topic:  |
| 4:30-4:45 PM   | MAFLD without Cirrhosis with Large HCC and PVTT (Vp2), very High AFP/PIVKA-II     |
| 4:45-5:00 PM   | Compensated Cirrhosis presented with pain abdomen due to Contained Rupture of HCC |
| 5:00-5:05 PM   | Consensus for management Protocol: Ruptured HCC therapy algorithm                 |

| State of the Art Lecture-2 |   |
|----------------------------|---|
| Time:                      | Topic:  |
| 5:05-5:25 PM               | Failure of First line drugs in Cirrhosis with advanced HCC-therapeutic option, challenges and the way forward |

| Session-9:<br>Managing HCC before and after Liver Transplant |   |
|--|---|
| Time:  | Topic:  |
| 5:25-5:40 PM   | LT in a Compensated HBV Cirrhosis, HCC with PVTT (Vp3), raised AFP and PIVKA-II   |
| 5:40-5:55 PM   | Recurrence of HCC after transplant with Liver and lung lesion on TKI progressed to have bone metastasis                       |
| 5:55-6:10 PM   | Recurrence of HCC after LT for NASH Cirrhosis. Started on Immunotherapy with A+B . How to manage liver, cancer and rejection? |
| 6:10-6:15 PM   | Consensus for management Protocol: Immunotherapy in patients of HCC before and after transplant                               |

| Evening Symposium  |                   |
|--|-------------------|
| Real World Experience of Atelizumab with Bevacizumab for HCC |                   |
| Time:  | Topic:            |
| 6:20-6:30 PM (7+3)   | AIIMS Experience  |
| 6:30-6:40 PM (7+3)   | ILBS Experience   |
| 6:40-6:50 PM (7+3)   | Indian Experience |
| 6:50-7:00 PM (7+3)   | Global Experience |
| 5 min  | Discussion        |

# SCIENTIFIC PROGRAM

## Conference Day-2

📅 29<sup>th</sup> September, 2024 | 📍 The Grand, New Delhi

7:00 AM - 2:00 PM

| Panel Discussion:<br>Dawat-e Jiggar (Meet the Experts over breakfast) |  |                            |
|---|--|----------------------------|
| Time:   | Topic:                                   |                            |
| 7:00-8:30 AM  | Screening for HCC in MAFLD/MASLD         | Moderator:<br>Shiv K Sarin |
|   | Decision of TARE vs TACE in Advanced HCC |                            |
|   | Hyper progressor on ICI                  |                            |
|   | Endo-hepatology in Liver Cancer          |                            |
|   | Immunotherapy End Points for HCC         |                            |

| Session-10:<br>Managing Liver Tumour other than HCC |   |
|---|---|
| Time:   | Topic:  |
| 9:00-9:15 AM  | Managing a case of pNET with liver metastasis                                 |
| 9:15-9:30 AM  | Hepatic lymphoma, RCHOP incomplete response with residual liver lesion        |
| 9:30-9:45 AM  | Hepatoblastoma-optimised and transplanted with long term survival             |
| 9:45-10:00 AM                                       | Case of Cirrhosis with Infiltrative HCC                                       |
| 10:00-10:05 AM                                      | Consensus for management Protocol Neuro-endocrine tumor with Liver metastasis |

**Session-11:  
Translational Research and Innovation in Cancer Care**

| <b>Time:</b>   | <b>Topic:</b>  |
|----------------|--|
| 10:05-10:20 AM | Immunologic, Molecular and Genomic based personalised HCC therapy-where are we!    |
| 10:20-10:35 AM | Biliary Tract Cancers and immunotherapy -the rationale, challenges and way forward |
| 10:35-10:50 AM | Newer drugs in pipeline and Landmark Trials on Immunotherapy for HCC               |

**State of the Art Lecture-3**

| <b>Time:</b>   | <b>Topic:</b>  |
|----------------|--|
| 10:50-11:10 AM | Implications of biopsy for diagnosis, therapy, prognosis and inclusion in practice |

**Delhi Medical Council Session**

| <b>Time:</b>   | <b>Topic:</b>  |
|----------------|--|
| 11:10-11:40 AM | Managing work life balance among Medical Professionals |

**Session-12:  
Grand Rounds: Mixed Tumour and Intra-hepatic Cholangio Carcinoma**

| <b>Time:</b>   | <b>Topic:</b>   |
|----------------|---|
| 11:10-11:25 AM | Compensated NASH Cirrhosis with intra-hepatic cholangiocarcinoma-solitary lesion of 3 cm size- Resection or Liver transplantation |
| 11:25-11:40 AM | ICCA/hepato-Cholangio Carcinoma-What IR can offer?  |
| 11:40-12:05 PM | CLD ICCA with PVTT, SBRT followed by Durvalumab based regimen   |
| 12:05-12:10 PM | Consensus for the Management Protocol: ICCA and Hepato-cholangio Ca therapy algorithm   |

**State of the Art Lecture-4**

| <b>Time:</b>   | <b>Topic:</b>   |
|----------------|---|
| 12:10-12:30 PM | TARE in management of Liver cancer- Challenges, evidence, Guidelines and Beyond |

**Session-13:  
Grand Round: Managing HCC with Lymph node and/or distant Metastasis**

| <b>Time:</b>   | <b>Topic:</b>  |
|----------------|--|
| 12:20-12:35 PM | Compensated Cirrhosis with Advanced HCC, no PVTT but Lymph nodal spread                                |
| 12:35-12:50 PM | Cirrhosis compensated, HCC with Hepatic vein and IVC extension, lung metastasis                        |
| 12:50-12:55 PM | Consensus for management Protocol Modality and patient selection for Radiation therapy in advanced HCC |

**Session-14:  
Scores and Prediction Models in Management of HCC**

| <b>Time:</b>  | <b>Topic:</b>  |
|---------------|--|
| 12:55-1:10 PM | Models for predicting non-response to systemic therapy in Cirrhosis with HCC |
| 1:10-1:25 PM  | Prediction and Prognostic models in management of HCC without Cirrhosis      |

**Session-15:  
API -NAMS Session -Hepatology and Liver Cancer Care**

| <b>Time:</b> | <b>Topic:</b>   |
|--------------|---|
| 1:30-1:45 PM | Primers for Managing HCC by Physicians-Tips from hepatologist               |
| 1:45-2:00 PM | Palliative and Supportive Care in Patients with Liver Cancer with Cirrhosis |

**Award and Valedictory Session**

| <b>Time:</b> | <b>Topic:</b>                     |
|--------------|-----------------------------------|
| 2:00-2:10 PM | Award ceremony and Patron message |
| 2:10 PM      | Valedictory                       |

# SCIENTIFIC PROGRAM

## STII Sessions

📅 29<sup>th</sup> September, 2024 | 📍 ILBS, New Delhi

8:30 AM - 5:00 PM

| Session-1:   |                      |
|--------------|----------------------|
| Time:        | Topic:               |
| 8:30-9:00 AM | Film reading session |

| Session-2:    |  |
|---------------|--|
| Time:         | Topic:   |
| 9:00-9:15 AM  | Patient awaiting kidney transplant- interventions to prevent dropout |
| 9:15-9:30 AM  | Cross sectional Imaging in Renal transplant (pre and post)           |
| 9:30-9:45 AM  | Role of US and doppler imaging Renal transplant                      |
| 9:45-10:00 AM | Role of Intervention in renal transplant-Newer trend                 |

| Session-3:     |  |
|----------------|--|
| Time:          | Topic:   |
| 10:00-10:15 AM | Lung transplnt- what Radiologist needs to know |
| 10:15-10:30 AM | Imaging in Heart transplant                    |
| 10:30-11:00 AM | Case in the box                                |

| Session-4:     |                                   |
|----------------|-----------------------------------|
| Time:          | Topic:                            |
| 11:30-12:30 PM | Live session (TIPS, TJLB and MWA) |

| Session-5:    |                                 |
|---------------|---------------------------------|
| Time:         | Topic:                          |
| 12:30-1:30 PM | Live session (B-TACE, DEB-TACE) |

**Session-6:**

| <b>Time:</b> | <b>Topic:</b>   |
|--------------|---|
| 2:30-2:42 PM | Quantification of hepatic fat and fibrosis by MR imaging in a potential liver donor: state-of-the-art                       |
| 2:42-2:54 PM | Pretransplant evaluation of Donor Liver- what the surgeon wants to know   |
| 2:54-3:06 PM | Spectrum of imaging findings in paediatric patients after liver transplantation - How to differentiate normal from abnormal |
| 3:06-3:18 PM | Decoding Doppler finding in intra/post transplant setting   |
| 3:18-3:30 PM | Pre-transplant PVR-TIPS to improve transplant candidacy   |
| 3:30-3:42 PM | Intraoperative portal flow modulation - IR in OT  |
| 3:42-3:54 PM | Post-transplant bile leaks - approach, technique, challenges  |

**Session-7:**

| <b>Time:</b> | <b>Topic:</b>  |
|--------------|--|
| 4:10-4:22 PM | Endovascular management of outflow complications after liver transplant                                |
| 4:22-4:34 PM | TIPS before and after a liver transplant - there's a difference!                                       |
| 4:34-4:46 PM | Plastic v/s Coverd V/s Biodegradable biliary stents - available options and role in post LT strictures |
| 4:46-4:58 PM | Non-anastomotic biliary strictures - Challenges and controversies                                      |

|              |             |
|--------------|-------------|
| 4:58-5:10 PM | Valedictory |
|--------------|-------------|
